Top Tips For The Perfect Roast

Tip 1.

Take the bird out of the fridge for at least an hour before cooking, you want it to have reached room temperature.

Tip 2.

Massage your salt & herbs into the skin before covering with foil & placing into a heated oven – rosemary & thyme are our favourites!

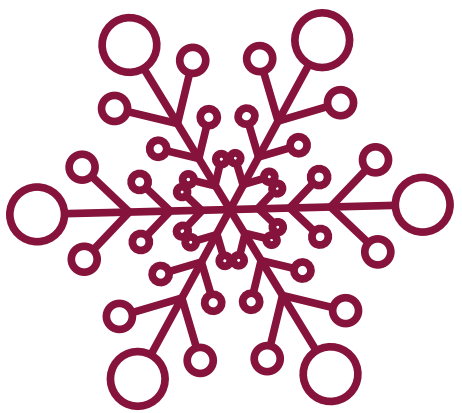

Tip 3.

Timing is everything! Ensure your roast is cooked to perfection by timing it right. Set a timer for the chicken based on it being 20 minutes cooking for every 450g and then add an additional 20 minutes.

Roasting Meats & Poultry

All Time Favourites

Our Tullochbeg turkeys are reared locally in Aberdeenshire, fed on locally grown cereals and crops on a small family farm. The birds are dry plucked and then game hung for a minimum of 10 days to allow the meat to mature and be extra tasty for your Christmas feast. Select how you would like to receive your Tullochbeg turkey; a traditional whole bird, or let our butchery team prepare your whole turkey in to a boneless crown, or a breast on the bone.
